

# RED DIAMOND BLADE

100% Carbide Coverage.

Increase your production rate with this new Melfred Borzall innovation that works harder and smarter than the average blade. The Red Diamond Blade design features a single front-end domed carbide for blunt force that extends the blade's overall life. The new diamond-shaped carbides on the front sides aggressively tear through hard ground conditions and the low-profile diamond carbides near the rear help to minimize drag. The continuous perimeter of carbides give the blade a mean look with a lethal bite. Diamonds are a driller's best friend.

Ditch Witch® Compatible Blades		
Bolt Pattern	Cut Size	
	4.5"	5.5"
5-bolt	1800-14-45-BRD	
6-bolt		1800-15-55-BRD

Vermeer® Compatible Blades		
Bolt Pattern	Cut Size	
	4.5"	5.5"
6-bolt	1800-13-45-BRD	1800-13-55-BRD

QuickSwivel Compatible

Chunky carbide hardfacing further protects all high wear areas.

### BEST FOR:

### GOOD FOR:

Durable Domed Front Carbide

Diamond-shaped carbides on sides for aggressive cutting and 100% carbide coverage

Continuous low-profile back carbides are ideal for direct pullback

Tapered design towards the rear to reduce drag
